Fall 2009

Chapter Report: A Productive and Enjoyable Semester

The Iowa Beta chapter has had an exciting and eventful fall semester. Although balancing our academics, philanthropy, and social life has been challenging, we seem to have kept up with all the events that have come our way. As the semester unwinds, our spirit and enthusiasm keep growing.

Initiates:

Iowa Beta congratulates our newest members, initiated on September 19, 2009: **Brandon Otto, 1371**, Redwood Falls, MN; **Travis Ziemke, 1372**, Bartlett, IL; **Joshua Redmond, 1373**, Cascade, IA; and **Michael Kilworth, 1374**, Exira, IA. Redmond, Kilworth, Otto, and Ziemke are pictured from left to right, above.

Pledges:

Our recruitment chairman, **Michael Good, 1362**, brought in eight outstanding men through the summer and early this semester. Our new pledges include: **Kelly Andermann**, Lockridge, IA; **Andrew Augustine**, Fort Dodge, IA; **Zebulon Bidwell**, Tama, IA; **Sam Cook**, Nashville, IL; **Blake Hanson**, Sergeant Bluff, IA; **Ethan Lowther**, Bettendorf, IA; **Patrick Richard**, Blue Grass, IA; and **Craig Weatherhead**, Winona, MN.

Academics:

At press time, grades were not yet out for the fall 2009 semester. However, our chapter GPA was 2.97 for spring semester 2009, our highest GPA since our return to campus. This put us above the All-Fraternity Average, the All-University Undergraduate Average, and the All-Men's Undergraduate Average. We set our goal high for this semester; we hope to break the 3.0 barrier this fall, and to continue raising it in the future.

Philanthropy:

Our third annual "Phi Psi Can Man" was held November 7 and 14. We raised \$500 for the local chapter of the Boys and Girls Club by picking up roughly 10,000 cans at football tailgaters. We have been very involved with our local chapter of the Boys and Girls Club, and have also worked with such organizations as Habitat for Humanity, Worldly Good, Adopt-a-Highway, Skunk River Navy (which cleans up the Skunk River that runs through Ames), and walk/runs to support Cystic Fibrosis, Lutheran Social Services, and Domestic Abuse agencies.

Monday night dinner guests:

We have had many prominent dinner guests this semester: **Dr. Elizabeth Hoffman**, ISU Executive VP and Provost, and her husband, **Dr. Brian Binger**, author of college economic textbooks (pictured at right); **Rob Denson**, President of Des Moines Area Community College, and his wife, **Pat**; **Dr. Michael Golemo**, ISU's Chair of the Department of Music and Director of Bands, and his wife, **Mary Beth**, ISU's Program Coordinator of Frederickson Court residence halls; **David Orth**, Coordinator of Special Olympics Iowa, with his wife, **Bonnie**, son, **William**, and daughter, **Elizabeth**; **Bill Woodman**, ISU professor of Sociology; **Craig Anderson, IN Zeta '74**, ISU Professor of Psychology and the Iowa Beta faculty advisor; **Dione Somerville**, ISU Dean of Students; **Doug Kenealy**, ISU Professor of Animal Science, and his wife, **Carol**; **Stewart Burger**, Coordinator of Special Events for President and Mrs. Geoffroy; and **Bob Bosselman**, ISU Professor and Chair of the Department of Apparel, Educational Studies, and Hospitality Management, and his wife, **Paula**.

Chapter Report, continued**Homecoming:**

We were paired with Kappa Delta Sorority and Adelante Fraternity for Homecoming 2009. Although we did not place, we improved in many areas and are already looking forward to next year's Homecoming. Our team, shown above, made it to second cuts in Yell-Like-Hell for the first time since our rechartering. There was a reasonable turnout for our alumni tailgater, held before the football game. We will continue to host alumni events each semester, and we hope to have a bigger turnout next semester.

Family Weekend:

Family Weekend was held September 26. More than 80 people were on hand, our biggest turnout ever. Our extended family had the chance to get to know each other a bit better by sharing conversation and lunch, after which our Phi Psi Singers (see separate article) entertained our guests with a sampling of Phi Psi songs.

Risk Management Speakers:

We had three risk management speakers this semester. **Jacob Oppenheimer**, our Leadership Development consultant from the Phi Kappa Psi Headquarters, talked to us about hazing. **Ray Rodriguez**, Student Health advisor for the Student-to-Student Peer Education Program, addressed a joint session with Kappa Alpha Theta on sexual awareness. Our third speaker, **Laura Knowles**, ISU resource nurse, addressed emergency preparedness and immediate treatment techniques.

Graduates:

Four seniors leave us at the end of the semester: **Nicholas Decker, 1332**, Civil Engineering major from Bellevue, IA; **Andrew Turner, 1343**, Finance major from Clive, IA; **Adam Jessen, 1346**, Interdisciplinary Studies major from Clive, IA; and **Kyle Messerschmidt, 1354**, Mechanical Engineer-

ing major from Des Moines, IA. We wish all of our graduates happiness and good fortune after graduation.

Summer House Improvements

Last summer, we were finally able to put up a storage shed big enough to accommodate all of our outdoor gear — grills, mowers, etc. The shed measures 10 x 12 feet, and is located immediately south and east of the basketball hoop out back. Painted in shades close to Cardinal Red and Hunter Green, it blends in well with its surroundings. We thank our Parents' Club for contributing \$1,000 to the cause, and **Doug Paul** and **Geary Messerschmidt**, fathers of **Jason Paul, '07-1341**, and **Kyle, '07-1354**, and **Kacy Messerschmidt, '08-1359**, respectively, for providing considerable expertise and oversight to the project (not to mention tools).

We landscaped the remaining area south of the basketball hoop, so the whole area has a smooth, clean look to it. We spruced up the front of the house with some fresh plantings south of the front steps around the sign. We thank **Dan Canova ['91-1250]**, of Perennial Gardens of Ankeny, for donating his time to supervise our students in these landscaping projects.

Tom Huisman, '74-967, supplied Tree Guard, to keep those pesky deer and rabbits away from our new shrubbery. **Geary** and **Patrice Messerschmidt**, parents of **Kyle** and **Kacy**, donated a snow blower. **Al Koch, '74-988**, provided toner for the chapter's printer, and **Helen Reinhardt**, wife of **Bill Reinhardt, '46-428**, provided funds to purchase a great looking Iowa State welcome mat and other miscellaneous furnishings. **Eric Janes**, father of **Morgan Janes, '07-1339**, donated a baby grand piano. We are extremely grateful to these alumni and parents.

Capital Campaign

We are also grateful to those alumni who contributed to the Capital Campaign during its final year. A complete Summary of the Campaign will be presented in the Spring 2010 issue, to be mailed in June 2010.

Recommend a Rushee

Some chapters pledge a majority of their men as a result of alumni referrals. With the facilities we now have, and the programming now in place, you should have no hesitation recommending Iowa Beta. That truly would be a meaningful way for you to give back to your chapter.

You can be sure that every person you recommend will be contacted and given careful consideration. All such recommendations should be directed to our recruitment chairmen, **Michael Good** (mpgood1@gmail.com, 515-290-2381) or **Evan Todtz** (etodtz@iastate.edu, 563-212-3900). Don't know who is going to Iowa State from your town? Let Michael or Evan know, and they can send you the list.

E-Mail Updates

Several e-mail updates are sent between issues of the Cyclone Phi Psi to those for whom we have good addresses. If you're not getting "Phi Psi Update from Iowa Beta" in your mailbox, send your e-mail address to **Bill Good** at william.good@johnsonlawia.com.

Spotlight on Bill Reinhardt, '46-428

Some alumni tend to lose touch with their alma mater if they move out of state after graduation. Brother Bill Reinhardt, by contrast, has maintained strong ties with Iowa State.

As a student, Brother Reinhardt thoroughly immersed himself in college life, and he has stayed in touch with Iowa State ever since. Heavily involved in the music programs, he participated in Marching Band, Concert Band, and Orchestra as a percussionist, student director, and drum major. Other affiliations included Cardinal Key, Phi Kappa Phi, Knights of St. Patrick, Tau Beta Pi, Phi Mu Alpha, and, of course, Phi Kappa Psi.

Bill also participated in V-12 and NROTC at Iowa State, and was later commissioned as Ensign, Civil Engineer Corps, USNR, in May 1951, and discharged as Lieutenant in November 1966.

After graduating in 1948 with a degree in Civil Engineering, he returned to his native St. Louis and worked with various construction companies until 1955, when he formed the Reinhardt Construction Company. Shortly thereafter, he moved the company to Centralia, Missouri, where it remained until Bill's retirement in 1998. During that period, peak annual business volume was \$14,000,000, with 75 employees. In 1997, the Company received the Professional Development Award by the Professional Engineers in Construction (PEC) of the National Society for Professional Engineers. This award reflected NSPE's desire to publicly and nationally honor an organization which had shown outstanding achievement in adopting and implementing progressive, professional employment policies for its engineering personnel. During his career, Bill served as President of the Central Missouri Chapter of NSPE, the Missouri State Chairman of the PEC of NSPE, and the North Central Chairman of PEC of NSPE.

A member of the United Methodist Church, Bill served the Missouri East Conference as Chairman of the Trustees and Vice-chairman of the Council on Finance and Administration. In his local church, he served as choir director, teacher, chairman of the Administrative Board and chairman of the finance committee.

He was raised a Master Mason (third degree), and later became a Scottish Rite Mason (32nd degree) and Shriner.

Rotary International has been a large part of his life: he served as Local Club President, Governor of District 605 (NE Missouri, including St. Louis with approximately 3000 members), and Co-chairman of the International Fellowship of Rotarians — Music. He has attended 33 international conventions all over the world.

Bill married Mary Alice Anderson in 1950, and together they had four children, Curtis, Paul, Rebecca, and Ruth. Mary Alice passed away in 2002, and in 2003 he married her younger sister, Helen. In 2006, Bill and Helen moved to Oakdale, a suburb of St. Paul, Minnesota.

So what keeps Bill connected with Iowa State? Primarily the Alumni Band, of which he has been a member for 27 years, serving as past president, and marching at every Homecoming until 2005, when his daughter said "you're too old for marching!" Bill has also been a season football ticket holder since 1975, served on the Board of Governors of the ISU Foundation, and received an ISU Alumni medal in 1987. Together with his children, he funded the Textiles and Clothing Gallery in the renovated Morrill Hall, named the "Mary Alice Gallery" as a tribute to his first wife.

Bill has also stayed connected with the Fraternity in various ways. When he lived in Centralia, he was a member of the Central Missouri Alumni Association. "Actually, I moved to Centralia because of the invitation of **Blair J. Smith '46-414**. Blair was a friend in the V-12 Navy Unit and a member of Iowa Beta. He and I played golf together each summer week, and attended our Navy reunion together almost every year. For almost 50 years, we were the best of friends and Phi Psi Brothers. One cannot predict how friendships will affect one's later life." An early supporter of the Campaign for the Rebirth of Iowa Beta, Bill now stops in annually to see the house and the progress being made.

Want to see Bill if you're back for a football game? Go to the very highest seat on the west side of the stadium, around the 50-yard line. Why so high? "It's the best place to see the band formations!"

Brother Reinhardt can be reached at 445 Holly Lane North, Oakdale, MN 55128 (651-714-4656; reinco1@comcast.net).

Reviving a Serenading Tradition?

Will one of the favorite Chapter traditions of many older Phi Psi alumni — song serenades — be coming back?

It's too soon to know for sure, but at last year's Woodrow Wilson Leadership School, held at the University of Buffalo (NY), most of the undergraduates and some of the alumni gathered for a session devoted solely to the topic. The session featured four undergraduates from Iowa Beta, who were chosen in a pre-WWLS competition judged by SWGP **Paul Wineman** and SWVGP **Tryon Hubbard**.

The "Phi Psi Singers" already had experience performing on campus, singing at various events, including

appearances at sorority houses. As not all seven members could make it to WWLS, the four who did appeared under the name of the "Woodrow Wilson Singers." They were **Mike Lee, '08-1358**, tenor 1; **Jason Paull, '07-1351**, tenor 2; **Bill Hilmer, '07-1353**, baritone; and **Brandon Otto, '09-1371**, bass.

The rest of the "Phi Psi Singers" are: **Jonathan Brugioni, '09-1364**, tenor 1; **Henry Wang, '09-1365**, tenor 2; and **Peter Anderson, '07-1337**, baritone. Mike Lee normally sings bass in this configuration, but filled in as tenor 1 at WWLS.
