Spring 2010

## The Conclusion of the Campaign for the Rebirth of Iowa Beta

THANK YOU, BROTHERS!

Because of your generosity, Phi Kappa Psi lives again at Iowa State! From 2004 (the year the effort began to bring back our chapter) until the end of 2009 (the "Campaign Period"), 278 brothers and friends contributed \$865,410.97 to the cause. Fundraising professionals in the Greek world say that the best way to have a successful capital campaign is to first have a top chapter and an excellent alumni communications program. When we started, we didn't even have a chapter, and the sporadic alumni communications preceding the campaign didn't have much good news. The fact that we raised as much as we did, given our situation, is a real testament to the fact that so many alumni believe that they benefited from their own experience in Phi Kappa Psi, and that future students at Iowa State should have the same opportunity available to them.

The enclosed sheet lists the names of all the brothers and friends who contributed cash or securities during the Campaign Period, whether it was given to our Campaign Fund, our Chapter Scholarship Fund (both through the Fraternity's Endowment Fund), the House Corporation, or the Alumni Communications Program (through COMCOA, the company that publishes the *Cyclone Phi Psi*). Brothers are listed in badge number order by giving category. Of the total received, \$756,537.45 was given to the Campaign Fund, \$2,648.52 was given to the Chapter Scholarship Fund, \$77,660.00 was given to the House Corporation, and \$28,565.00 was given to the Alumni Communications Program.

Not to be overlooked are the many brothers and friends who contributed in-kind during the Campaign Period, and those who presented gifts to the chapter at the Installation Banquet. Those names are listed separately on the enclosed sheet.

The costs of conducting the Campaign were minimal, as no professional fundraiser was employed. Brothers were solicited by brothers, and those who performed their duties diligently were an important part of the whole process. The Campaign brochure mailed to all brothers in 2005 cost \$4,044 to produce and mail. **Mark Boeck** [87-1193], who then worked in the development

The future of Iowa Beta is in good hands. The spring 2010 initiates are, from left to right, **Evan Lowther**, 1378, from Bettendorf, Iowa; **Zebulon Bidwell**, 1375, from Tama, Iowa; **Blake Hanson**, 1376, from Sergeant Bluff, Iowa; and **Andrew Augustine**, 1377, from Fort Dodge, Iowa.

office of the Chicago-Kent College of Law, was very helpful in proofreading and advising on the content of the brochure. Two Campaign receptions were held at a total cost of \$555, one in Elmhurst, Illinois, hosted by **Jim Patchett** [71-924] and **Dave Moenk** [71-917], and one in Des Moines hosted by **Jay Blyth** [74-964].

Of gifts to the Campaign Fund and Chapter Scholarship Fund, 95% went to the intended fund and 5% went to the Endowment Fund's general account. This is the standard arrangement on all chapter sub-accounts held at the Endowment Fund. In return, the Endowment Fund provides tax-deductibility for all gifts made to chapter sub-accounts, and eliminates the need for each chapter to operate its own foundation.

Moreover, the Endowment Fund staff provided fundraising advice, and recorded and followed up on pledges.

A special thanks goes to **Terry King** [70-896]. Lindy and I met Terry in Manhattan, Kansas, on a 2004 spring break mini-driving vacation. We had not seen each other for years, and the meeting occurred almost by chance. This was right during the time when the idea of a capital campaign was being discussed. Terry was then serving as Dean of Engineering at Kansas State, and, as such, was heavily involved in fund raising. He was the one who convinced me that a successful capital campaign for Iowa Beta was possible. Over the next several months, we corresponded in volumes, including many conversations with the top fundraiser on his staff, whom Terry made available to me without charge. I honestly believe that without Terry's help and inspiration, the rebirth of Iowa Beta would never have occurred. Thank you, Terry!

And finally, another special thanks goes to **Denny Stanley** [70-893]. His major gift became the foundation for the whole Campaign. Without it, the house renovation would not have been financially possible, and without the house, it is unlikely the chapter would have been rechartered. It's as simple as that. Thank you, Denny! (See the spotlight article on Brother Stanley elsewhere in this issue.)

— Continued on Page 2

— *Capital Campaign, Continued*

So where are we now? The Campaign brochure outlined plans for a renovation costing \$2,000,000 plus. The actual cost was \$1,550,000. The Campaign did not raise enough money to pay this in full, but fortunately the House Corporation was debt-free and had a cash cushion when the process started. Moreover, while some interim financing was obtained from a local bank, the shortfall was financed with loans from Iowa Beta alumni who wish to remain anonymous. These loans total \$662,000 and carry a below market interest rate. Therefore, our undergraduates will need to be diligent in keeping their numbers up and the house full in order for this to be retired over a reasonable period.

Even though solicitations for the Campaign have ended, annual giving by alumni remains important. The *Cyclone Phi Psi* is intended to be self-sufficient, and requires annual support from our alumni. (See the enclosed insert on how to support the Alumni Communications Program.) Those who desire tax-deductible gifts are encouraged to make them to the Iowa Beta Scholarship Fund (CSF) at the Fraternity's Endowment Fund. Money in this fund, while accounted for separately, is invested with the remainder of

the Endowment Fund corpus, although secured loans to the House Corporation can be made for capital projects. An amount equal to five percent (5%) of the fund's corpus may be spent each year, but only for scholastic purposes. Currently, the chapter uses these scholarship funds to reward members who excel scholastically, and to aid in recruitment by offering scholarships to incoming students. The CSF will grow in importance as the chapter continues to strengthen. For more information on our CSF, go to [www.pkpfoundation.org/Scholarships/ChapterScholarshipFunds.aspx](http://www.pkpfoundation.org/Scholarships/ChapterScholarshipFunds.aspx). To make a donation to the CSF, go to [www.pkpfoundation.org/GivingBack/Donations/Donations.aspx](http://www.pkpfoundation.org/GivingBack/Donations/Donations.aspx).

There are a lot of names and numbers in this report. Every effort has been made to insure their accuracy and not leave anyone out, but if a mistake has been made, please bring it to our attention so that a correction can be posted in the next issue. Brothers who made pledges during the Campaign Period, but completed them thereafter, will likewise be acknowledged in the proper giving category in future issues. AGAIN, THANK YOU BROTHERS!

— *William J. Good '69-864, Campaign Chairman*

## Chapter Report: Notable Achievements, High Expectations

Spring 2010 was another exciting and successful semester for Iowa Beta, as the brothers kept busy with academics, philanthropy, and social events. As the semester comes to an end, we take pride in the accomplishments of the past four months, and plan ahead for the summer and fall.

### Initiation:

Four men who pledged during fall 2009 were initiated on February 13, 2010. The chapter congratulates **Zebulon Bidwell, 1375**, of Tama, Iowa; **Blake Hanson, 1376**, of Sergeant Bluff, Iowa; **Andrew Augustine, 1377**, of Fort Dodge, Iowa; and **Evan Lowther, 1378**, of Bettendorf, Iowa.

### Pledges:

We signed two new pledges during the spring. **Kyle McGreevy** is from Palatine, Illinois, and **Mario Peralta** is from Lincolnshire, Illinois. We hope to initiate them into the Phi Kappa Psi Brotherhood at the beginning of next semester.

### Recruitment:

The summer recruitment chairmen, **Michael Good, 1362**, and **Evan Todtz, 1361**, will be working hard to recruit new members. Two big recruitment events have already been planned. We will be going to Omaha for the College World Series on June 19 and 20, and hosting an event here at the chapter house on July 9-11. Both events will allow brothers to interact with pledges and potential new members. This fall, we hope to have our largest pledge class since our re-chartering.

### Academics:

As the end of the semester approaches, everyone has been busy studying for final exams and completing final projects. Our goal is to achieve at least a 3.0 chapter GPA for this semester. Last fall, our chapter GPA was 2.9, which placed us within the top third of fraternities at Iowa State. Although this is acceptable, we continue to strive for excellence in academics. In the fall, 10 brothers made the Dean's List. They were **Peter Anderson, 1337**; **Zebulon Bidwell, 1375**; **Jonathan Brugioni, 1364**; **Brenton Hankins, 1357**; **Blake Hanson, 1376**; **Morgan Janes, 1339**; **Josh Jensen, 1336**; **Mike Lee, 1358**; **Evan Todtz, 1361**; and **Nolan Vallier, 1355**. The chapter congratulates them for their hard work. Additionally, several brothers are involved with honor societies and received other academic recognitions for their achievements.

### Philanthropy:

Spring semester always features a number of philanthropic activities. Brothers of Iowa Beta participated in events benefiting Relay for Life, the University of Iowa Children's Hospital, Habitat for Humanity, Adopt-a-Highway, and numerous other small philanthropies. We continue to serve at our local chapter of the Boys and Girls Club, with each member volunteering at least five hours per term. Additionally, we raised over \$800 for the Boys and Girls Club in Ames, and hope to surpass that mark next semester. We will continue to serve the Ames community in future semesters.

### ISU Greek Community:

Iowa Beta participated in a number of Greek Community events this semester. We took an active role in Greek Week, the annual event to foster friendship among the fraternities and sororities. Greek Olympics and Tournaments, block parties, competitions, and philanthropic activities are all part of Greek Week. Many high school seniors visited and stayed at our chapter house during Greek Getaway, which allows high school seniors to check out the Greek Community, see some of the houses, and meet some of the guys. Although our pairing of Greek chapters did not place in the top three, we all had great fun and were able to promote the Phi Psi name within the Greek Community. Throughout the semester, we hosted social events with other sororities and fraternities, and participated in philanthropic and social events hosted by other chapters.

### Monday Night Dinner Guests:

We continued to invite guests from the university and the community to our Monday night formal dinners. **Bill Woodruff** is a partner in Woodruff Construction, which built several buildings on campus. **Carole Custer** is Director of ISU Marketing. **Jami Larson** is on the Ames City Council and owns various businesses; his wife, **Teresa**, is a former newscaster and librarian. The **Phi Psi Gals** are women on campus who are related to Phi Psis of any chapter. Professor **Johannes Van Leeuwen** teaches Civil, Construction, and Environmental Engineering and specializes in wastewater management. **Jeff Johnson** is President and CEO of the ISU Alumni Association. Associate Professor **Barbara Mack** teaches in the Greenlee School of Journalism and Mass Communications, and was named Outstanding Professor of the Year by the Greek Community. **Ann Campbell** is Mayor of Ames.

Members of the **ISU Volleyball Team** and their Assistant Coach also attended. We hope to have more fabulous guests in the following semesters. Guests always bring unique perspectives and share interesting experiences that can help the Brothers at Iowa Beta learn, grow, and develop.

**Brother Involvement and Activities:**

Iowa Beta brothers have diverse interests, and are involved in many activities, organizations, and jobs outside of the chapter and the Greek Community. Several brothers were actively involved in various music programs, singing or playing instruments. A few are involved with New Student Programs here at Iowa State. Many are involved in clubs and organizations that fit their interests and areas of study.

**National Fraternity:**

At least two brothers of Iowa Beta, **Andrew Augustine, 1377**, and **Brandon Otto, 1371**, will attend Grand Arch Council this summer, and several others have expressed interest in attending. GAC will be held from July 28 to August 1 at Disney World. A new Phi Psi Music CD, with contributions from several Iowa Betas, will feature songs of the fraternity, and should go on sale at the GAC.

**Graduation:**

Every spring, several of our brothers graduate from ISU. This spring, we congratulate **Peter Anderson, 1337**; **Morgan Janes, 1339**; **Josh Jensen, 1336**; **Dustin Jensen, 1356**; **Ben Kenkel, 1340**; **Kevin Klein, 1333**; **Jason Paull, 1341**; **Tristan Taber, 1352**;

**Phi Psi Ladies, female students who are relatives of Phi Psis, were our guests at this year's Valentine's Day dinner. Seated, L-R, are: Abigail Johnson (sister of Tyler Johnson, '08-1360); Susie Gerner, (niece of a Nebraska Betan); Jennifer Hunt (whose sister is engaged to an Iowa Alphan); Katie Watson (daughter of Jim Watson, '70-882); Addy Dittmer (granddaughter of Robert Dittmer, '49-497); Claire Davison (daughter of Burns Davison, '79-1079); and Emily Minear (daughter of Randy Minear, '76-1036). Standing, L-R, are Sara Biller, Amy Biller, and Megan Phelan (all cousins of Michael Good, '09-1362, and sisters and cousin respectively of Ryan Biller, '07-1324).**

and **Bryan Visonnavong, 1335**. We wish them all the best with their future plans, and hope they will remain in contact with the chapter that they all helped to build.

**Summer Plans:**

As I conclude this article, summer break is just a few days away. Several brothers will stay in Ames this summer at the house; others will be going home or to other places. Some brothers will work, some will serve internships, and some will take classes, but all are bound to have an enjoyable break from the typical semester. **Peter Anderson, 1337**, will be interning at Youth and Shelter Services in Ames. **Nick Dodson, 1363**, will work in a finance position at the university. **Brenton Hankins, 1357**, has an internship with the National Security Agency. **Colton Kennedy, 1369**, has an internship with an engineering firm in central Washington state. **Kevin Klein, 1333**, will work for Enterprise Rent-A-Car in Des Moines. **Tristan Taber, 1352**, will do an independent study of landscaping and urban design in Berlin and Munich on his trip to Germany. **Henry Wang, 1365**, will intern at Aether Apparel in Los Angeles, California.

Since our re-chartering, Iowa Beta has become a significant presence at Iowa State. We are determined to continue to excel in all our endeavors, and to make our alumni proud of us. We hope that you are all doing well, and we welcome you back to the chapter house whenever you may be in the area.

— Zebulon Bidwell, '10-1375

**Chapter and Alumni Officers**

**Fall Semester Officers**

- GP (President) ..... Evan Todtz, '09-1361
- VGP (Vice President) ..... Colton Kennedy, '09-1369

## Spotlight on Dennis L. Stanley, '70-893

When Denny Stanley left his hometown of Gilman, Iowa, he probably never envisioned that he would spend much of his career traveling around the world on business assignments. But that is exactly what has happened.

Armed with a B.S. in Computer Science and Mathematics from Iowa State, the 1973 graduate first worked a year in Des Moines for former Big 8 accounting firm Coopers & Lybrands. To avoid making a transfer to Chicago, he then worked in Des Moines for Principal Financial for eight and a half years. During his tenure there, he obtained his full actuarial qualification (FSA — Fellow Society of Actuaries) in 1977, became an Assistant Actuary in 1978, and was promoted to Associate Actuary in 1981. During his time with Principal, he held actuarial programming, individual life insurance, and group pension positions in the actuarial department.

In 1983, he joined the Seattle office of Milliman, Inc., a worldwide actuarial consulting firm. During his years there, his areas of expertise have become life insurance product development and financial management. He has assisted life insurance company clients in the design and development of interest-sensitive life and annuity products, projection of financial results under volatile economic conditions, allocation of investment income under investment year and segmentation approaches, and recognition of federal income tax in the pricing of life projects. Denny has also assisted employers in the analysis of life insurance to fund executive benefit programs.

Since 1995, Denny has led Milliman's development team, which has overseen the market introduction and growth of its life insurance pricing and projection systems, making it one of the premier systems in the market today.

In recent years, Denny has worked extensively in Japan, Korea, and China, overseeing development efforts to customize the systems in these markets, as well as working with Asian companies to manage installations and to train the staff of Asian insurers in western financial reporting and modeling processes. Denny is also working to expand the development of Milliman's pricing and projection systems and associated consulting efforts in Latin American and Europe.

Denny has been a frequent speaker at Society of Actuary meetings and other regional professional groups. He co-authored an article published in *The Actuarial Digest* on the taxation of life insurance companies and their products.

Denny is married to the former Sherri Tucker, whom he married on the day after his graduation from Iowa State. Sherri graduated from ISU in 1976 with a marketing degree. She has worked as a property underwriter at Employers Mutual Com-

pany (Des Moines), SafeCo (Seattle), and General Reinsurance (Seattle). No longer working outside of the home, she now volunteers at the local public school and library.

Denny and Sherri are the parents of two sons. Mike is a 2005 graduate of St. Mary's College (San Francisco area) and a 2009 graduate of the Hastings Law School. He and his wife, Paulina, live in Houston, where Mike works at the county district attorney's office and Paulina works at Chevron. Jeff is a 2008 graduate of Santa Clara (San Jose) and is now employed at Milliman as an actuarial trainee.

Phi Psi was an important part of Denny's life while at Iowa State. As an undergraduate, he served as Vice President and Treasurer. Moreover, while he was in the Des Moines area, he served a number of years as Corporation Board Treasurer, during which time he spent the better part of one summer making various sweat-equity improvements to the chapter house kitchen.

Why did Denny participate in the Campaign for the Rebirth of Iowa Beta after being away from Iowa and direct involvement with the chapter for so long?

"While attending Iowa State, I largely thought of Phi Psi as a social network — and we certainly did socialize many, many times. Now, looking back, I realize this was an internship for me moving into the business world. As treasurer at Iowa Beta, I was effectively the CFO for a business with \$60,000 of annual revenue, a lot of money back then. When Bill Good asked me to participate in the capital campaign, I did not hesitate. I have fond memories of my fraternity life, and want future generations to have the same opportunity. Furthermore, I had full confidence that with Bill's leadership, 316 Lynn would return stronger than ever."

Brother Stanley may be reached at 4309 Forest Avenue S.E., Mercer Island, WA 98040; work e-mail [dennis.stanley@milliman.com](mailto:dennis.stanley@milliman.com); work phone number (206) 624-7940.

## Recommend a Rushee

Some chapters pledge a majority of their men as a result of alumni referrals. With the facilities we now have, and the programming now in place, you should have no hesitation recommending Iowa Beta. That truly would be a meaningful way for you to give back to your chapter.

You can be sure that every person you recommend will be contacted and given careful consideration. All such recommendations should be directed to our recruitment chairmen, **Michael Good** ([mpgood1@gmail.com](mailto:mpgood1@gmail.com), 515-290-2381) or **Evan Todtz** ([etodtz@iastate.edu](mailto:etodtz@iastate.edu), 563-212-3900). Don't know who is going to Iowa State from your town? Let Michael or Evan know, and they can send you the list.

## Visit Our Web Site

If you haven't checked it out recently, please visit [www.isuphipsi.org](http://www.isuphipsi.org). Many new photos and updated news items have recently been posted.

## Iowa Beta Centennial

As you all know, the Iowa Beta Chapter was founded in 1913, meaning that our centennial is coming up sooner than you think. So, save the date for sometime fall semester, 2013. Details will follow later, but start thinking about calling up your contemporaries and making this the event that all of you actually come back to Ames for: a fun, fraternity gathering.

## Chapter Scrapbook

Below are a few photos from our updated Web site, including Greek Week activities, Relay for Life, Varieties, and the American Leadership Academy. To view many more photos of chapter activities, see <http://www.isuphipsi.org/photos/>.

## Why Give Back to Phi Kappa Psi?

Why would anyone want to get their "hands dirty" by working in an advisory capacity to a bunch of raucous college-aged men? Or, why in the world should one give money to support a college fraternity, when there is so much poverty and misery in the world and so many other causes to give to?

Surely direct gifts to help people in need are important. But consider one of the lessons taught at the American Leadership Academy in Cabo San Lucas: "Only about 1% of the world's population has a college degree. If the world's problems are going to be solved, it's this 1% that needs to make it happen!"

Consider, too, the following email received recently from the parents of one of our current students: "Being a member of Phi Psi is preparing our son for life after college better than the college experience alone could. What wonderful opportunities for leadership and community service projects! All of these experiences help him grow into a productive citizen who will be able to lead and serve where he lives after college."

That's why people give back to Phi Kappa Psi.

## Obituaries

**Robert J. Morgan, '37-256**, of Brenham, Texas, passed away at age 91 on January 2, 2010, according to his family.

**Harry A. Skerry, Jr., '40-301**, passed away at his home in Ashland, Oregon, on June 5, 2009, surrounded by family and friends. He was born in 1921 at Camp Grant in Rockford, Illinois; his father was an Army engineer, so the family moved frequently, residing variously in Georgia, Texas, New York, Kansas, Washington, Oregon, Iowa, and the Philippines. He graduated from the University of Oregon in 1942 and from University of Oregon School of Law in 1945. He practiced law in Medford, Oregon, for one year, and then moved to Ashland, where he practiced until his retirement in 2006. He married Margaret Bolton (XΩ-U of OR) in 1949, and they raised two daughters. He was a member of the Oregon State Bar, past president of the Jackson County Bar, and a member of the American Bar Association. He served as city attorney in Ashland for 21 years, and taught business law at Southern Oregon University. He was a member of the Masonic Lodge, Rotary, and the Visual Arts Building Committee for SOU. He served as president of Knife & Fork, the Oregon Shakespeare Festival, Emeritus Board of the Shakespeare Festival, and Ashland Chamber of Commerce. He enjoyed reading, dancing, skiing, golf, and spend-

ing time with his family. He is survived by Margaret; daughters Cindy Dunn (52) and Meg Wright (48); four grandchildren; and his sister, Peggy, with whom he remained close all his life.

**Rollin J. Cowles III, '41-317**, a lifelong resident of Burlington, Iowa, died January 22, 2010. Born in 1921, he graduated from Burlington High School in 1939, worked for the Civilian Conservation Corps, served in the Iowa National Guard from 1941 to 1946, attended Iowa State University, and earned his graduate degree in veterinary medicine in 1950. He married Betty Miller in 1945, and they raised six children. He worked at the Burlington Veterinary Hospital from 1950 to 1976, and served as administrator of the Des Moines County Department of Public Health from 1976 to 1986. He was involved in numerous organizations, including the Burlington School Board and Iowa Wesleyan College Board. He was president of the United Nations of Southeast Iowa, chairman of the Sierra Club Leopold Group, and an advisor to Boy Scouts of America. He was a founder of Planned Parenthood of Southeast Iowa, built homes for Habitat for Humanity, and performed conservation work with the US Forest Service, National Park Service, American Hiking Society, The Sierra Club, and The Nature Conservancy in Alaska, Hawaii, Canada, Puerto Rico, Wales, and the US Virgin Islands. He and Betty enjoyed educational programs through Elderhostel, Shakespeare plays, and dancing. He attended monthly meetings of his high school class of 1939, and co-hosted the annual reunion. He is survived by Betty; children Jamie, Catherine, Anastacia, Christina, David, and Molly; 15 grandchildren; and two great-grandchildren.

**Robert C. Henely, '48-487**, of Des Moines, Iowa, died January 28, 1994, at age 70. His widow survives.

**H. Dean Reynolds, '51-558**, of Mesa, Arizona, died July 29, 2009. He was 80.

**William Q. Thornburg, '52-570**, of Bainbridge Island, Washington, passed away on October 30, 2009, at age 76. He graduated from Iowa State with a degree in engineering, and then served on a Navy minesweeper, traveling the world by sea. An avid swimmer, he trained as a Navy diver. He then settled in Sacramento, California, worked for PacBell for many years, and retired early to pursue his interest in astronomy, earning a Master of Physics degree from UC Davis in 1992. He became a lecturer in astronomy and physics at Sacramento State University, and was a longtime member of the Sacramento Valley Astronomical Association and the Congregation Beth Shalom. He remained a strong swimmer, and participated in many Masters events including a relay swim across Lake Tahoe. Passionate about nature, he traveled with his son to the North Pole in 2003, spent time in the San Juan Islands tracking whales, and tracked dolphins in Spain with Earth Watch. He also raised puppies for Canine Companions. He is survived

by his son, Jeb; daughters Nan Huffman and Sarah Thornburg; and four grandchildren.

**Robert L. Scott, '58-696**, passed away on December 11, 2009. He was 70.

## Cyclo-grams

**John J. Moriarity, '41-316**, is retired. He reports: "I recently turned 88, and Peg is 90." Their children are John III, Patricia, Jim, and Mark. Write to Jack at 10950 Odessa Ave., Granada Hills, CA 91344.

**James L. Atherton, '48-492**, was a general manager of manufacturing and technical services with Carnation/Nestle for 40 years. He is a past president of Rotary, and has been a director of Boy Scout councils, the YMCA, the United Fund, and the Waukesha Technical Institute. He enjoys hunting, fishing, travel, and watching football and basketball. He reports: "Helen 'Skippy' Pauli Bell (IIBΦ-ISU) and I were both widowed, and moved to Cottage Grove Place about two and a half years ago. We met, enjoyed being with each other instead of alone, and have been married for 18 months. Life has been great for both of us. You can fall in love again at 80 years!" Jim's children, from his previous marriage, are Diane Manglani (55), Cynthia Fortmann (52), Douglas (50), and David (50). Skippy's children are Dana McManus (62), Jim Bell (58), and John Bell (55). Write to Jim at 2115 1<sup>st</sup> Ave. SE, #1206, Cedar Rapids, IA 52402 (319-297-5544; bba@mchsi.com).

**Douglas P. Carlson, '65-809**, writes: "Attached is the photo of **Don 'Duke' Terhanian ['66-827]**, left, and myself, when we hooked up in Florida for a few days of reminiscing about the Phi Psi house. We had a great time." Doug receives mail at 857 Academy Lane, West Chicago, Illinois 60185.

**Gregory L. Sanders, '78-1056**, is a director of marketing for Novartis Animal Health. He and his wife, Laurie, have a son, Jon (26), and a daughter, Katie (23). He writes: "Thirty years in the animal health industry has brought us to Greensboro, North Carolina. My jobs have had me traveling all over the world for quite awhile, but I am glad to be focusing on only the US farm animal business. If you ever get close to Greensboro, be sure to call and stop by. It would be a great excuse to hit one of the more than 100 golf courses in the area." Write to Greg at 6090 Grinstead Ct., Greensboro, NC 27455. Call him at home at 336-644-7988. His cell phone number is 336-337-1605, and his e-mail address is greg.sanders@novartis.com.

## Honor Roll of Contributors

Many thanks to the 37 brothers listed below, whose 2010 contributions via the alumni communications program totaled \$2,035. Your donations helped to support the printing and mailing of the *Cyclone Phi Psi*. If we are to continue producing and sending you this newsletter, support from more alumni is greatly needed and will be greatly appreciated!
